SWIFT MAKES PARD rich in meat proteins

Every can—a complete "one-dish-dinner" No phase of Pard's manufacture escapes the attention of Swift's Product Control Division. Even such characteristics as texture, color, and aroma are considered.

This is only one step in the careful supervision of Pard that helps assure a uniform, balanced, nutritionally excellent product made to the specifications of Swift's Research Laboratory. Here is a laboratory widely noted for its thoroughness and its superb staff.

In test feedings on a diet of Pard and water, dogs show excellent growth and maintenance. Reproduction normal. Irrefutable proof that Pard contains every known essential for good nutritional health. Be safe! Feed and recommend rich, nourishing Pard—the complete "one-dish-dinner"!
